Imperial War Museum Duxford

The Imperial War Museum Duxford is the premier aviation museum in Europe. The six hangars of aviation exhibits tell the story of modern air power, including the Foster-built, award-winning American Air Museum, and the new £25million refit of our British and Commonwealth collection, AirSpace. The restoration and conservation of both museum exhibits and airworthy aircraft by private owners is one of the unique attractions of this famous and historic site. The world-class air shows are internationally renowned and attended. For over thirty years, the air shows at Duxford have thrilled audiences with aerial extravaganzas and unique aircraft.

Flying Legends Air Show
